- He seems to care about the students and that really shows when he is explaining the material.
- He was helpful.
- He was really kind, understanding, and flexible with students' problems. Awesome TA!!
- I was really able to learn a lot more from office hours, and recieved clarification on a lot of concepts that I did not understand in lecture. The TA was also very approachable, and explained things very well.
- I was very pleased with Jay's teaching skills.
- Jay is a great assistant who should become a teacher one day because he motivates his students to become better at math. He explains things in simple terms that even Khan Academy can't explain. Great TA and great human.
- Jay seemed super nice in discussions and helped to review the week's lessons.
- Jay was a very engaging and to the point assistant
- Jay was super helpful and seemed like he really cared about the students he taught. He was always very nice and tried to make our discussions fun. Overall a super nice and helpful TA!
- Jay was very resourceful and great at making discussion engaging.
