9. Do you have any other comments to add to your evaluation?

Please keep your comments constructive and professional, abiding by the Principles of Community

- He is very helpful and flexible in terms of office hours!!
- I felt most confident with a concept when he was teaching it because his explanations were thorough.
- I usually fall asleep in class, but when Jay teaches he has enough energy to keep me awake and alert and I learn the material better. He goes through things clearly so that everything is understood. :)
- Jay made math a little more tolerable through his passion and willingness to help. 10/10 would recommend again.
